**Greg Peterson** of the

Greg Peterson is a 2013 graduate of Kansas State University where he majored in Agricultural Communications and Journalism and minored in Music Performance. He grew up and still works on his family farm near Assaria, KS. In 2012, Greg founded the “Peterson Farm Brothers” with his siblings. The videos that have resulted have received 200 million views in 10 years and have led to an increased role in agricultural advocacy for Greg. Greg and his brothers have had many opportunities to promote agriculture around the world. Their goal is still to operate the family farm together, but hope to make a positive impact with their social media content.
